PROFILE SUMMARY

Enthusiastic and motivated MCA student with a foundational understanding of programming languages such as Python and C, and hands-on experience in database management and object-oriented programming. Eager to contribute to real-world projects and continuously expand my technical skillset. Strong analytical mindset, a passion for problem-solving, and a proactive attitude towards learning new technologies. Looking to leverage academic knowledge and certifications in a collaborative, growth-oriented environment.

PROJECTS

Personal Portfolio Website

Summary

Developed a responsive personal portfolio website using html, css and javascript to showcase academic background, technical skills, and projects. Implemented a contact form and smooth scrolling navigation. Designed with clean UI and mobile-friendly layout using media queries.

Note Taking Web App

Summary

Built a responsive, offline-capable note-taking web app using HTML, CSS, and JavaScript. Implemented dynamic note creation, editing, and local data persistence using localStorage, enabling users to manage notes without any backend or internet connectivity. Focused on clean UI/UX, form handling, and modular JavaScript logic to ensure a smooth and intuitive user experience.

Certificates

- Programming Fundamentals using Python by Infosys
- Fundamental of Database Management System by Infosys
- Object Oriented Programming using Python
- NPTEL certification in C Programming
- Oracle AI Foundation Associate Certification
